

CHAPTER 6

REPROGRAMMING OF DOD APPROPRIATED FUNDS

1.0 PURPOSE (0601)

1.1 Department for the Reprogramming (060101)

This chapter establishes the policies of the Department for the reprogramming of appropriated funds. Guidance in this chapter reflects recognition by the Congress of the practice of reprogramming DoD funds covered in DoD Appropriations Acts as a necessary, desirable, and timely device for achieving flexibility in the execution of DoD programs. Also, reprogramming policies and procedures for military construction and family housing appropriations covered by the Military Construction Appropriations Act can be found in Chapter 7 and the National Intelligence Program (NIP) reprogramming policies and procedures covered by the National Security Act of 1947, as amended, can be found in section 0606, Reprogramming of Intelligence Resources.

1.2 Reprogramming Procedures (060102)

Procedures are provided for establishing the base for reprogramming actions; submitting, approving, and processing reprogramming actions; and for the report of programs reflecting all supplemental appropriations, rescissions, transfers, and reprogramming actions.

1.3 Reprogramming Policy (060103)

The policy herein replaces reprogramming guidance contained in the March 2011, DOD 7000.14-R, "Financial Management Regulation," Volume 3.

2.0 REPROGRAMMING DOCUMENTS IN GENERAL (0602)

2.1 DD 1414, Base for Reprogramming Actions (060201)

The DD 1414 establishes the base for reprogramming actions and transfers. The report shall include a table for each appropriation enacted in the annual Department of Defense Appropriations Act, with separate columns to display the Program Base Presented to Congress, Approved Changes Prior to Congressional Action (e.g., budget amendments or other changes to the budget formally submitted an appropriations committee), Changes Reflecting Congressional Action (e.g., project level adjustments or undistributed rescissions as indicted in Conference Reports), and the Program Base Reflecting Congressional/Presidential Action. Tables for each appropriation shall delineate each budget activity and program, project, and activity established in administration budget justification materials or in the Conference Report accompanying enacted funding bills. Each budget activity and program, project, and activity shall be footnoted to identify those items known to be of special interest to one or more of the congressional committees and those items specifically denied by the Congress. The items should include, as a minimum, those items for which additional funds have been provided or items for which funding is specifically

reduced as shown in the project level table or in paragraphs using the phrases “only for” or “only to” or are congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414).

2.2 DD 1415, Reprogramming Action (060202)

Reprogramming actions, upon approval of the Department, will be used to request the prior approval (DD 1415-1) [of the congressional committees to realign or transfer appropriated funds](#) or for internal reprogramming (DD 1415-3) requiring audit-trail type documentation of the [realignment or transfer of appropriated funds](#).

2.3 DD 1416, Report of Programs (060203)

The DD 1416 report reflects the congressionally approved programs as enacted, reprogramming actions which have been approved, congressionally directed undistributed amounts and transfers, and reprogramming of funds that have been implemented by a DoD Component using below-threshold reprogramming flexibility. This report is generated in the [Enterprise Funds Distribution \(EFD\) system](#), quarterly and submitted 30-days after the end of each quarter, electronically to the congressional defense committees by the Under Secretary of Defense (Comptroller) (OUSD(C)), Program and Financial Control Directorate (P&FC), for Title III, Procurement, and Title IV, Research, Development, Test, and Evaluation and annually for Title I, Military Personnel, and Title II, Operation and Maintenance appropriations.

3.0 DETAILED PROCEDURES FOR BASE FOR REPROGRAMMING ACTIONS (0603)

3.1 General (060301)

The DD Form 1414, Base for Reprogramming Actions, establishes the base from which reprogramming actions may be taken. It identifies line items within each appropriation covered in the DoD Appropriations Acts.

3.2 Due Date (060302)

Within 30 days following enactment of the Department of Defense (DoD) Appropriations Act, the Components will submit their DD 1414, Base for Reprogramming Actions to OUSD(C) P&FC to ensure the Department can submit the Base for Reprogramming Actions to the congressional committees within 60 days of enactment as required by recurring general provisions in DoD Appropriations Acts (e.g., section 8007 of division C of Public Law 113-235, the Department of Defense Appropriations Act, 2015). The DoD Components will submit their DD 1414 through the [Enterprise Funds Distribution \(EFD\) system](#), for review prior to submission to the congressional committees.

3.3 Transmittal (060303)

Upon determination by the OUSD(C) P&FC that the Base for Reprogramming Action is acceptable, OUSD(C) P&FC will submit to OMB, pursuant to OMB Circular A-11, section 22.3.
