

3.0 CONGRESSIONAL JUSTIFICATION/PRESENTATION (0303)

3.1 Purpose (030301)

This Section presents the justification book organization and the exhibit requirements for submission to Congress. Examples of budget exhibits can be found in Section 4.0.

3.2 Submission Requirements (030302)

For designated exhibits, the Military Departments and applicable Defense Agencies will update the SNaP immediately upon completion of the Program Budget Decisions and budget lock by the Department. In addition, the Military Departments and applicable Defense Agencies shall provide the USD(Comptroller) with a revised narrative justification for their respective programs reflecting any changes from the program and budget review. The SNaP system will reformat the data into congressional justification exhibits, which can be printed out by the respective Components and included in their justification materials.

All O&M overview exhibits are to be submitted via email to OPSMAIL@osd.mil in a MICROSOFT WORD format. Submit each Overview exhibit as a separate file. Embedded Excel Spreadsheets should be used for tables included in the Word document as required.

*3.3 Organization of Justification Books (030303)

3.3.1. Justification Books will be organized into separate books for each appropriation. The only exceptions to organizing justification books into separate books for each appropriation are for the United States Court of Military Appeals for the Armed Forces and the Office of the Inspector General appropriations. These should be included in the same book as the Defense-Wide. The Defense Health Program (DHP) will be a separate justification book. The procurement and RDT&E DHP budget activities will follow the organization prescribed for the procurement and RDT&E appropriations in Chapters 4 and 5, respectively. (See Volume 2B, Chapters 4 and 5)

3.3.2. Justification books for the Active Component of each Military Service should be organized into three volumes (in separate books) as follows:

3.3.2.1. Volume I - "Justification of Estimates"

3.3.2.2. Volume II - "Data Book"

3.3.2.3. Volume III – "Overseas Contingency Operations Request" for Operations Enduing Freedom and Operations New Dawn

3.3.2.4. Reserve and National Guard Components should combine the above volumes into one book for each Component.

3.3.3. The justification books for the Operation and Maintenance, Defense-Wide appropriation will include a Volume III classified volume in addition to the volumes for "Justification of Estimates" and "Data Book".

3.3.4. Volume I - Justification of O&M Estimates. The Operation and Maintenance (O&M) Justification Books will be submitted on an operations basis to include active military force personnel strength, Reserve and National Guard personnel strength, and civilian personnel. (Related dollars financed from the active and Reserve military personnel appropriations, however, should not be included.) The content and arrangement of exhibits for the operations accounts are indicated at the end of this section. Applicable exhibits for the Reserve and Guard Component operations accounts will be consistent with the active operations accounts. Exhibit formats are provided in Section 4.0. Separate volumes for active and reserve component operation appropriations will be submitted. Funds for the National Intelligence Program (NIP) or Military Intelligence Program (MIP) will be specifically identified. Justification classification will not exceed that required for other operations funds. (See section 4.0, below)

3.3.5. Volume II - Data Book. The Data Book will include summary and special interest exhibits as well as the Facilities Sustainment and Restoration/Modernization (FSRM), and Demolition exhibits. The content and arrangement of exhibits for the operations accounts are included at the end of this section.

Two copies of the FSRM OP-5 and FSRM PBA-7 exhibits will be submitted to the Directorate for Military Personnel and Construction, OUSD (COMPTROLLER), P/B, Pentagon, Room 3C654 for review and approval.

3.3.6. Volume III – Overseas Contingency Operation (OCO). The OCO request will include the O-1 Line Item Summary, the OP-32 Price and Program Growth by Appropriation summary, the OCO OP-5, performance criteria, and the OP-32 Price and Program Growth by Subactivity Group for the operations defined in Volume 12 Chapter 23 [Section 2309](#) or in the budget guidance.

3.3.7. Additional Accompanying Exhibits. Although not to be included in any of the Justification Books submitted to Congress, the exhibits at the end of this section are required to be submitted to the OUSD (Comptroller) P/B Directorate for Operations, Pentagon, Room 3C749, simultaneously with the submission of the other budget justification material. THESE EXHIBITS ARE NOT TO BE INCLUDED IN JUSTIFICATION BOOKS SUBMITTED TO THE CONGRESS. Examples are provided in Section 4.0 (O&M), Chapter 13 (Defense Environmental Restoration Program), or Chapter 19 (Other Special Analyses). (See Volume 2B, Chapters 13 and 19) (See section 4.0, below)

3.3.8. O&M Overview. The Operation and Maintenance Overview exhibits (PBA-xx) are required for submission to the OUSD (Comptroller) P/B Directorate for Operations, Pentagon, Room 3C749, and the OUSD (Comptroller) P/B Military Personnel and Construction Directorate, Pentagon, Room 3C654. Specific suspense dates will be furnished in the annual budget justification call memorandum supporting the President's budget request. The parent service is responsible for ensuring that ALL required data including Reserve Component appropriations are submitted.

3.3.8.1. Exhibit formats are provided in Section 4.0. Each exhibit must provide narrative data to explain price and program changes between all fiscal years displayed. In addition, Components are responsible for cross checking data among the exhibits to ensure data provided is consistent among all PBA exhibits and all other exhibits supporting the President's budget request, including the backup exhibits. (See section 4.0, below)

3.3.8.2. Two copies of each exhibit are required and will identify the Component, exhibit number and title, date prepared, and name/telephone number of the responsible point of contact for the exhibit. The exhibits will be consolidated at the Operation & Maintenance title level for printing and submission to the Congress. The Defense Agencies should provide as a minimum the PBA-7, PBA-19 and the PBA-20 exhibits and address resource requirements in one or more of the major mission categories as appropriate.

All O&M Components including Defense Agencies must submit an automated O-1 for both the OSD/OMB and congressional submissions through the Program Resources Collection Process (PRCP). Components will submit data that shows the prior year (PY) through budget year +4 (BY+4). Automated submission requirements for the PCRP are provided in Chapter 1, section 5.2.

Exhibit OP-5 Instructions

INSTRUCTIONS FOR PREPARATION OF OP-5

1. Agencies/Activities are required to submit this exhibit at the lowest level of their budget structure. The purpose of the OP-5 is to provide a summary of and justification for changes in the level of resources required for each SAG.
2. The Combat Support Agent will submit an OP-5 for the new SAGs created by the Military Service, in accordance with the Joint Task Assignment Process business rules, for its Combatant Commands. Each Combat Support Agent will create two new SAGs, one SAG for Combatant Command Headquarters Functions and one for Combatant Command Missions. These SAGS will include only Combatant Command justification data and will include all Combatant Commands under the purview of the Combat Support Agent. Do not create separate SAGs for each Combatant Command. Price and Program changes will be reported separately by COCOM.
3. Each of the O&M appropriations listed below, will be supported by OP-5 Exhibits.
 - Operation & Maintenance, Army, Army Reserve, and Army National Guard
 - Operation & Maintenance, Navy and Navy Reserve
 - Operation & Maintenance, Marine Corps and Marine Corps Reserve
 - Operation & Maintenance, Air Force, Air Force Reserve, and Air National Guard
 - Operation & Maintenance, Defense-Wide
 - Defense Health Program
 - Former Soviet Union Threat Reduction
 - Office of the Inspector General
 - United States Court of Military Appeals for the Armed Forces
 - Wildlife Conservation, Etc., Military Reservations
 - Overseas Humanitarian, Disaster, and Civic Aid
 - Support of International Sporting Competition, Defense
4. The OP-5 provides essential information for justification of the OSD and President's budget estimates. The "Reconciliation of Increases and Decreases" portions of Section III should identify what changes are occurring and provide programmatic reason for the changes and explain why they are necessary.
5. The FY PY estimate column of the OSD submit should reflect actual data through the first three quarters plus a realistic projection for the remaining quarter. For the PB submit, the FY PY column will reflect actuals and agree with the data reflected in the certified DD Comp 1002 report for September.
6. The "Reconciliation of Increases and Decreases" section will be included in the OP-5 for both the OSD budget submission and the President's budget submission. Reconciliations will show all changes from fiscal year to fiscal year and, for the current year, a track from the estimate requested in the previous President's budget. Specifically display:
 - The FY BY estimate included in the previous President's budget submission to the current FY CY estimate included in this submission,
 - The current FY CY estimate to FY BY estimate reflected in this submission.

INSTRUCTIONS FOR PREPARATION OF OP-5

7. Performance criteria must be provided for each OP-5 at the subactivity level and should support the dollar amounts being requested in the subactivity. Performance criteria for some subactivity groups are specified in the attachments to the OP-5 but additional criteria and metrics are encouraged. These data and metrics are critical to the successful defense of the budget request.
8. Personnel summaries are required for each subactivity group and for each Defense Agency.
9. With the exception of selected Defense Agencies, all Components will submit unclassified O&M justification materials.

Reconciliation Summary Instructions: For the changes in the Current Fiscal Year (FY CY), provide information from the President's budget request for that fiscal year to the current estimate in this submission for that same fiscal year. For the changes from the FY CY to the FY BY, use the current estimate in this submission.

* The O&M budget is generally stratified into three levels: Level 1, Budget Activity (BA); Level 2, Budget Activity Group (BAG); and Level 3, Subactivity Group (SAG) (also referred to as O-1 line items). The O&M budget structure for some Defense Agencies/Activities stops at the BA or BAG level. The Defense Agencies/Activities are required to submit this exhibit at the lowest level of their budget structure.

C. Reconciliation of Increases And Decreases: Provide a trail of changes from the previous President's budget request for the current fiscal year in this submission to the appropriated amount for the current FY CY in this submission to the current estimate for FY CY in this submission; and from the FY CY current estimate to the FY BY estimate. Provide a single entry in each year for price changes. Itemize and justify the major program changes in each year (**provide the baseline in dollars to which the increase or decrease applies**). Such justification should clearly explain programmatic changes in resource levels including why increases are required or decreases occur. Additionally, the narrative justification should relate cost to force structure changes, performance criteria, workload and manpower data, as well as identify the impact if requested changes are not funded. The DoD Components should report in thousands.

In the reconciliation of changes from the previous President's budget request for the FY CY to the estimate for FY CY in the current submission, the DoD Components should include the following adjustments:

- Distributed Congressional Adjustments: Adjustments that Congress specifically makes to the President's budget request. These adjustments must match the Appropriation Conference Report table and the FY CY Rebaseline Report (for Active Military Components only) at the subactivity group level.
- Undistributed Congressional Adjustments: Adjustments outlined on the tables contained in the statement of managers accompanying the appropriations conference report. The Components must use discretion as to how these adjustments are applied to minimize negative impacts on force readiness. These adjustments must match the Appropriation Conference Report table and the FY CY Rebaseline Report at the appropriation level and subactivity group level, respectively.
- Adjustments to Meet Congressional Intent: Adjustments that are required in order to align funding for a congressionally approved program into the proper budget activity and subactivity in order to carry out the intent of the Congress. These adjustments must match the FY CY Rebaseline Report at the subactivity group level.
- General Provisions: Adjustments directed by the Congress in appropriations law, the distribution of which is not explicitly stated. The OP-5 should separately display each General Provision adjustment. These adjustments must match the FY CY Rebaseline Report at the subactivity group level.
- Fact-of-Life Changes: The Operation and Maintenance (O&M) fact of life changes are programmatic, intra-appropriation adjustments made by DoD Components to address significant, unforeseen operational readiness issues within the following categories:
 1. Functional Transfers – Funding realignments to reflect a transfer of function, responsibility, or duty from one major command to another within each Military Department or Defense Agency. These adjustments do not change the purpose for which the funds were appropriated.
 2. Technical Adjustments – Accounting adjustments to properly align funding with the appropriate O&M subactivity group (SAG) where costs are actually accrued and executed. These adjustments do not change the purpose for which the funds were appropriated.

Exhibit OP-5 Detail by Subactivity Group

(Page 2 of 9)

3. Emergent Requirements – Adjustments to funding requirements resulting from changes in policy, legal direction, or other unforeseen (e.g., operational readiness, health or safety, etc. related) events that occurred after the submission of the President's Budget.

These adjustments must not change the congressional priorities and are subject to congressional review as reported in the Rebaseline Report. The Rebaseline Report, as amended by any congressional action, will be used to develop the DD 1414, Base for Reprogramming Actions. See Volume 3, Chapter 6 regarding the policies for the reprogramming of O&M funds subsequent to the establishment of the base for reprogramming actions.

Performance Criteria and Evaluation Summary: The Performance Criteria and Evaluation Summary (OP-5, Part IV) must provide supporting detail sufficient to demonstrate how the budgeted resources for each subactivity group contribute to the Department's mission. The Components must provide meaningful performance and work load data by SAG for each year FY PY, FY CY, and FY BY, where appropriate. Performance criteria must be displayed for each subactivity group. The goal is for the performance criteria to justify the budget request. If no performance criteria are provided, then a statement must be included explaining why there is no performance criteria.

The House of Representatives Report (Report 108-106, page 303) on the National Defense Authorization Act for Fiscal Year 2004 directed the Office of the Secretary of Defense (Comptroller) and the service's assistant secretaries of financial management to improve the current performance criteria to reflect measurable metrics. In response, the Department modified the performance criteria for some SAGs supporting the O&M and DHP justification materials and reported the improvements in a report to the Congress in January 2004 and the FY 2005 President's Budget submission in February 2004.
